

Senior Physician (Range C)

Health Division-Nevada Early Intervention Services

Recruiting for: Full-time vacancy located at the Health Division Early Intervention Services Program in the following area: **Las Vegas, NV**

Sr. Physician Position: Under administrative direction, performs professional medical duties involving general examination, ruling out diagnosis such as Autism or Fetal Alcohol Syndrome, providing care and treatment; and performs related work as required. Works with multi-disciplinary team engaged in the care of clients and participates in monthly Craniofacial Clinics. This position will support clinic staff through case conferencing, education and training. Will provide outreach and serve as a liaison with local medical community providers such as the University School of Medicine and local Neonatal Intensive Care Units. Must be or become knowledgeable of Nevada Revised Statutes applicable to the practice of medicine in Nevada State programs.

Sr. Physician Requirements: Graduation from an accredited school of medicine or approved by the Nevada Board of Medical Examiners with one year of internship in an approved hospital and three years of experience in the practice of medicine or equivalent combination of both; **OR** completion of an appropriate residency approved by the American Medical Association **OR** an equivalent combination substituting each year of resident training for a year of medical practice; **OR** board eligibility in a medical specialty; **OR** board certification in a medical specialty.

Preferred Qualifications:

Experience with young children with developmental delays or disabilities and have the ability to support growth of the Health Division through visionary skills and teaming with other professional staff.

Pursuant to NRS 284.4066, all positions in this class have been identified as affecting public safety. Persons offered employment in this class must first submit to a pre-employment screening for controlled substances. 2) Requires fingerprinting and a background investigation through the FBI and NCIC. 3) A valid license to practice medicine in the State of Nevada is required at the time of appointment and must be maintained throughout employment.

Employee benefits include paid annual, paid sick leave, health insurance, and the state retirement plan. Other optional benefits are available including a deferred compensation program.

To Apply:

Submit a State application/Resume to Ellen Richardson-Adams, Health Program Manager, Early Intervention Services, 1161 S. Valley View Blvd., Las Vegas, NV 89102. 702-486-9268, e-mail: eadams@health.nv.gov

APPLICATIONS ACCEPTED UNTIL: Recruitment Needs Are Satisfied

Qualified individuals are encouraged to apply immediately. Lists of eligible candidates will be established and hiring may occur early in the recruiting process. Recruitment will close without notice when a sufficient number of applications are received or a hiring decision has been made.
